06. The contractor shall give notice to the Executive Engineer or the Sub-Divisional Officer of his intention of making delivery of materials, and on the materials being approved, a receipt shall be granted to him by the Executive Engineer or the Sub-Divisional Officer, and no material will be considered as delivered until so approved.
07. On the completion of the delivery of materials, the contractor shall be furnished with a certificate to the effect, but the delivery will not be considered completed until the contractor shall have removed all rejected materials and shall have the approved materials stacked or placed in such position as may be pointed out to him.
08. The material shall be of the best description and in strict accordance with the specification and the contractor shall receive payment for such materials only as are approved and passed by the Executive Engineer or the Sub-Divisional Officer.
09. In the event of the material being considered by the Executive Engineer to be inferior to that described in the specification, the contractor shall, on demand in writing forthwith remove the same at his own charge and cost, and in the event of his neglecting to do so within such period as may be named by the Executive Engineer or the Sub-Divisional Officer, that Officer may have such rejected material removed at the contractor's risk and expenses, the expense incurred being liable to be deducted from any sums due or which may become due to the contractor.
10. If the contractor or his work-people break or deface any building, road fence, enclosure of grass land, or cultivated land, he shall make good the same at his own expenses, and in the event of his refusing or failing to do so, the damage shall be repaired at his expense by the executive engineer, who shall deducted the cost from any sums due or which may become to the contractor.
11. The contractor shall supply at his own expense all tools, plant and implements required for the due fulfillment of his contract, and the material shall remain at his risk till the date for final delivery unless it shall have been in the meantime removed for use by the executive engineer or the sub-divisional officer.
12. This contract shall not be sublet without specific order from Government in respect of specified sub-contractor. In the event of the contractor subletting his contract without such permission, he shall be considered to have thereby committed a breach of contract, and shall forfeit his security deposit, and shall have no claim for any compensation for any loss that may accrue from the materials he any have collected or engagements entered into.
13. The decision of the Executive Engineer for the time being shall be final, binding and conclusive on all questions relating to the meaning of the specification.
14. The Authority shall have power to make any alterations in, omissions from, addition to or substitutions for the original specification, drawing, designs and instructions, that may appear to him to be necessary or advisable during the course of supply of the materials and the Contractor shall be bound to supply the materials in accordance with any instructions which may be given to him in writing signed by the Engineer- in- charge, and such alterations, omissions, additions or substitutions shall not invalidate the contract and any altered additional or substituted materials which the contractor may be directed to supply in the manner above specified as part of the work shall be supply by the Contractor on the same conditions in all respects on which he agreed to do the main work, and at the same rates as are specified in the tender for the main work. The time for the completion of the supply shall be extended in the proportion that the altered, additional or substituted quantity of materials bears to the original quantity & the certificate of the engineer in charge shall be conclusive as to such proportion & if the altered, additional, or substituted materials, include any class of materials, for which no rate is specified in this

contract, than such class of materials shall be supplied at that rates entered in the schedule of rates of the Nadia district which was in force at the time of the acceptance of the contract; and if such class of materials are not entered in the said schedule of rates, then the Contractor shall within seven days of the date of his receipt of the order to supply the materials inform the Engineer-in-charge of the rate which it is his intention to charge for such class of materials & if the Engineer-in-Charge does not agree to this rate he shall, by notice in writing, be at liberty to cancel his order to supply such class of materials and arrange the supply thereof in such manner as he may consider advisable, provided always that if the Contractor shall commence supply or incur any expenditure in regard thereto before the rates shall have been determined as lastly herein before mentioned, then and in such case he shall only be entitled to be paid in respect of the supply made or expenditure incurred by him prior to the date of the determination of the rate as aforesaid according to such rate or rates as shall be fixed by the Engineer- in- charge. In the event of a dispute the decision of the Executive Engineer of the division shall be final.
