MINUTES OF MEETING HELD IN THE AKANKSHA SITE, NEW TOWN
ON 21-08-2018, AT 4.00 PM

A meeting was held among the Housing Department and the Beneficiaries of the AKANKSHA Housing Project at New Town on 21-08-2018 at the AKANKSHA Site, New Town. The main agenda of the meeting was to decide fitting items related to Building, Sanitary & Plumbing works.

More than 100 (One Hundred) beneficiaries attended the meeting. The attendance sheet of the beneficiaries are enclosed herewith for ready reference. Following persons from Housing Department & Directorate were present in that meeting.

- 1) Sri Partha Sarkar, Chief Engineer, Housing Directorate.
- 2) Sri, Enaur Rahaman, Joint Secretary, Housing Department.
- 3) Sri, Arghya Biswas, Superintending Engineer, South Circle, Housing Directorate.
- 4) Sri, Himadri Dasgupta, Superintending Engineer, Electrical, Housing Directorate.
- 5) Sri Goutam Sinha, Executive Engineer, NTCD-II, Housing Directorate.
- 6) Sri Arup Sengupta, Executive Engineer-I, Planning Division, Housing Directorate.
- 7) Sri Nityananda Pal, Executive Engineer-II, Planning Division, Housing Directorate.
- 8) Sri Biswanath Mallick, Executive Engineer, Electrical Divn.II, Housing Directorate.
- 9) Sri Anandamoy Mondal, Assistant Engineer, NTCD-II, Housing Directorate.

In that meeting discussion was made regarding use of following Building & sanitary materials.

- i) All C.P fittings will be done as per BOQ.
- ii) Granite will be provided in the entrance lobby and lift fascia as per BOQ.
- iii) Kota Stone will be provided in the stair as per BOQ.
- iv) M.S. Raling will be provided on the stair as per BOQ.
- v) Teak wood panel door instead of flush door will be provided in verandah door to avoid damage due to rain water. Extra expenditure for this works will be Rs. 456.00 (Approx.) for each Classic flat and Rs,228.00 (Approx.) each for Premium & Elegant flats.
- vi) Verandah will be covered entirely by M. S. Grill as per BOQ.
- vii) All floors including floor at kitchen and bathroom may be covered by Double Charged Vitrified tiles. In this regard it may be mentioned that normal vitrified tiles are provided in the floors of the rooms, kota stone is provided in the kitchen floor and ceramic tiles are provided in the toilet floors in the BOQ. To execute this double charged vitrified tiles instead of normal tiles, kota stone and ceramic tiles, the requirement of extra expenditure would be Rs. 23600.00 (Approx.) in each Classic flat Rs.31000.00 (Approx.) in each Premium flat and Rs. 36000.00 (approx.) in each Elegant flat.
- viii) In the exterior wall, for longevity of painting due to wear and tear, sunray, rain waters etc. putty may be provided before painting and extra expenditure would be Rs. 6000.00 in each Classic flat Rs. 9500.00 in each Premium flat and Rs. 10300.00 in each Elegant flat.
- ix) To resist heat and rain water percolation, screed concrete as roof treatment works over a layer of chemical paint may be provided for which an extra expenditure amounting to Rs. 2750.00 to each Classic & Rs. 4000.00 for Premium and Rs. 5100.00 each Elegant flat may be incurred.

Thus it appears that an extra expenditure Rs. 35.50 per sq ft for each Classic flats Rs. 35.10 for each Premium flat Rs. 36.00 for each Elegant flat may be incurred if works as mentioned above are approved by the Beneficiaries through a voting system. Decision of those works may be taken on the basis of opinion of majority. However, by execution of all these additional works, total expenditure will remain as per GTC i.e. well within Rs.3,100/-sq.ft.

In that meeting some beneficiaries put some suggestions and queries which are summarized as follows with the answers.

1) Sabyasachi Mukherjee Flat No PR3/401.

Q) *Hydro testing of water lines and sewerage lines at all junctions is to be done.*

Ans :- It will be done as per specifications of tender.

Q) *Water line diagram and Electric circuit Diagram are to be provided to the allottees during handover.*

Q) *Foot lamp at each room.*

Ans :- Will be provided.

Q) *Change in layout of the buildings.*

Ans:- Due to the change in position of U/G reservoir , the layout of the buildings namely PR3 has been changed to some extent. The work is being executed as per proposal submitted by Creative Forum , the Architect Consultant for revised Plan Sanction from NKDA .

2) Sachin Kar , Flat no Elegant 704.

Q) *Expenditure involved per sq ft due to the introduction of Double charge vitrified tiles, outside Putty, Teak wood Verandah door etc.*

Ans:- It will be around Rs. 35.00 per sq ft.

3) Arup Kar Cl-2/1006.

Q) *As per his opinion to provide such an option to execute special type of roof retreatment, expenditure of which may be borne by the beneficiaries at the 10th floor only.*

Ans:- If the beneficiaries of the 10 th Floor agree to bear the extra expense the work may be executed.

Q) *Disparity of Cost of Flats between Classic & Premium-Elegant.*

Ans:- E-tender was invited globally and the rate quoted by the agencies were accepted by the Competent authority. Presently two nos tender have been invited. One for 3 nos Classic building and the other for 3 Nos Premium and one no Elegant building .The work of these buildings are in progress on the basis of those tenders. At this juncture, the works of other buildings such as Community Hall, 2 nos 11kva Substations, Roads ,STP ,U/G Reservoir, are yet to be completed through tender. Hence it is too early to comment about the final cost of each flat and any disparity in this regard.
